Mission/objective: To assist, encourage, support and promote the protection, care, rescue and (permanent) placement of animals as well as humane educational activities of animal welfare organisations throughout the world

Policy Plan: The Foundation is formed by its board and depends on its efforts in raising funds. Funds will be raised by public appeals through social media, approaching wealthy private persons for donations and a future mobile application. A specific role for this has been laid down for Ivan Jimenez (also founder of the Foundation). Ultimately the Foundation depends on receiving donations for the actual realization of its objectives.

Board: The board of Stichting Let's Adopt International consists of the following three persons:

- Ms Ana Rodriguez (chairman),
- Ms Sandra Garrido (treasurer),
- Ms Linda Edwards (secretary).

Remuneration: Expenses incurred by board members in performing their duties of office shall be reimbursed by the Foundation. Remuneration may not be granted to any of the board members.

The Foundation has no staff. Should staff be hired in the future, their remuneration shall be as established by custom and/or law in their country of residence.

Activities to date: More than 300 animals at risk of euthanasia rescued and rehomed.
